MINORS & COM LIBRARY

While we welcome all visitors to the library, minors have special needs for their safety and welfare. For this reason, the library has two guidelines for minors.

1. MINORS AND LIBRARY COMPUTERS GUIDELINES

As a higher education institution, COM Library has an adult orientation and most of its users are adults. The library provides unfiltered access to the Internet to serve the needs of the academic community. Library computers are therefore reserved for the use of those who are 16 years or older or are currently enrolled College of the Mainland students*. Computer users must be able to provide photo IDs upon the request of library staff that prove they are 16 years or older or a currently enrolled College of the Mainland Student. Those under 16 may not use or view computers, or be in the computer area, nor view or use the OPAC computers used to search the library catalog.

2. MINORS IN THE LIBRARY GUIDELINES

Elsewhere in the library, parents or caregivers who bring minors into the library are responsible for monitoring their activities and regulating their behavior, ensuring: a) their safety; and b) that their behavior is appropriate for an academic library.

* Currently enrolled College of the Mainland students are credit, continuing education, ESL, Dual Credit, and Collegiate High School students.
